

HexStation™ 2 Bin Solution Center

Increases Renewable Waste Collection And Keeps Bins Organized.

Shown with optional
Indicator Signs

Partner any two Hexcycle® IV bins for an organized solution.

Whether you need two recycling bins or a recyclable and waste combination, you can configure the perfect center for your establishment's specific recycling requirements.

- Centralize collection and color coordinated with your decor.
- Bins remain organized and together with integrated base design.

Unique Features

- Stable in windy conditions or high traffic locations.
- Separate materials at the point of collection.
- Never lose a lid - All lids are hinged to the bin.
- Communicate the collection message with distinct graphics and bright colors.
